WELDER REPAIR SERVICES

WHY BODINE ELECTRIC?
Our customers, from local businesses to large industrial companies, have relied on Bodine's work since 1922. We prove our slogan, "Service Makes the Difference," to all of our customers on a daily basis.

SERVICE & REPAIR
Our experienced technicians can perform repair work on commercial and industrial welders, serving both gas- and electric-powered equipment.

LONG-TERM HEALTH
We offer maintenance contracts for your equipment, including calibration programs designed to improve the efficiency of your welders.

RELIABLE RESULTS
Bodine has decades of electro-mechanical repair experience, and provides quick turnaround and 24/7 emergency service.

SERVICE MAKES THE DIFFERENCE

FREE PICKUP & DELIVERY
Bodine runs six truck routes weekly, reaching large parts of Illinois and into Indiana, Iowa and Missouri. Three of our normal routes are serviced daily, allowing for quick turnaround.

TRAINED TECHNICIANS
Bodine employees are factory trained and certified to perform repairs on equipment from multiple manufacturers, and are supported by an in-house engineering staff.

GENERATOR SERVICES
Repair on any type of generator, load bank testing and authorized Onan/Cummins service.

OUR COMMITMENT TO QUALITY REPAIRS
Bodine’s repair facility is an EASA Accredited Service Center, having shown that it follows the highest standards to maintain or improve AC electric motors. We’ve been a member of EASA since 1978.
